### Did you Know?

an Israeli company developed the first ingestible video camera that helps doctors diagnose cancer and digestive disorders?

Ahavath Messiah translated from Hebrew means Love Messiah. Our purpose is to take the love of Messiah to Jewish people so they may come to faith in the Messiah of Israel. Equally important is the need to encourage other believers in the churches to embrace their witness of Messiah to Jewish People.

*Do you have a Jewish friend you would like to send a tract? Please email us their address and we'll mail them the Messiah tract and response card to [info@ahavathmessiah.com](mailto:info@ahavathmessiah.com).*

Dear Praying Friends,

November proved to be a very eventful month. Aside from my normal schedule of church meetings, I finally had my colonoscopy. They did find 3 polyps. We were praying these would turn out to be benign. They in fact turned out being the type known as adenomatous, which, by definition are premalignant. Fortunately, none of them contained cancer, so we are praising the Lord for this! However, due to there being 3 of this type, my doctor wants me back for another colonoscopy in just 3 years in order to catch any new polyps as soon as possible.

The day after my colonoscopy I came down with what I thought was just another sinus infection. After struggling with this for a few days I went to see my doctor, who discovered I had an old fashioned case of tonsillitis. He gave me an antibiotic and a steroid and I am recovering now. I still have a lingering cough which just may cause my cataract surgery to be delayed. Please pray the cough subsides enough to allow the cataract surgery to go on as scheduled.

Michele has worked through the obstacles we were experiencing with the site from which we harvest the names and addresses for our tract outreach. It is a bit more labor intensive than it was but nothing our volunteers are not able to handle. We are moving forward again! We have now mailed our tract to 135,000 Jewish homes, which represents in excess of 500,000 Jewish people here in the Metroplex. Mailing the tract is merely the beginning of this outreach. Please pray that the Jewish people who receive this tract will read it and respond. It is then that the effort begins!

We have moved our annual Israel tour to April, 2021. Since it is full and 3 pastors are interested in making a trip next year, I am looking at adding a second tour which will probably be in the Fall. Once I have dates we will update the info on our website. I am praying that with the vaccine coming things will open up and Israel will begin to allow tourism again.

Michele and I remain grateful for your faithful prayer and financial support! Apart from you our ministry could not be possible. Please always remember, it is by your mercy they shall obtain mercy! Romans 11:30-31.
